# Thesis/Dissertation Title Page Example

The following is an **example** of your title page **requirements** when submitting copies to the thesis binding office. Please remember to include the title, your name, statement of submission, **your department/school and college**, and the date approved. It is also important to label the university on your work: *Rochester Institute of Technology*. Signatures from your committee members should be accompanied by a date and their names (and titles) typed below each signature line.

Omission of **ANY** of these items will result in the non-acceptance of your submission until corrections have been made.

***It is strongly recommended that the signatures of your committee appear on separately from your title page*.**

**REMEMBER:**

- When you submit your thesis/dissertation to ProQuest, **DO NOT** include the committee members' signatures. All other information **IS** required.
- A "permission to reproduce" statement is **no longer required**. If you require a delay on the release of your work, please fill out an embargo form.
