March 15, 2013

The Quality Cup was an annual event sponsored by RIT & USA Today. This award honors employees who find ways to improve the quality of products and services they provide. Winners are responsible for cutting costs, solving problems and increasing efficiency at their companies.

Entries are reviewed by officials from RIT's College of Business, USA Today, and an independent panel of experts.

Team awards are presented in six categories: education, government, and health care, manufacturing industry, service industry and small businesses.
