

Dwight D. and Mamie Eisenhower audiocassettes

Accession Note: These materials originally came to the Archives in July 1982 when the Eisenhower College in Seneca Falls, New York closed.

Scope and Content: This collection is comprised of materials separated from the Eisenhower College collection in the RIT Archives.

Processing Note: In December 2005, Archivist Becky Simmons made the decision to separate the materials into two collections; one being about Dwight D. and Mamie Eisenhower and the other being Eisenhower College records. Linda Coppola, the Liberal Arts Librarian was asked to weed out books that she felt could be in the general collection or be discarded. The container list below is materials determined appropriate for the Dwight D. Eisenhower Collection, housed in RIT Archives.
