From the NRS website:

Members of the Nathaniel Rochester Society make academic excellence and outstanding student experiences a reality. Since 1967, NRS has celebrated leaders who choose to extend their impact beyond philanthropy, and also advocate for the university in the community, industry and education.

NRS members have a lasting impact on RIT and our students through leadership level gifts to scholarships, academic areas, athletics, student organizations and countless other areas. Those who support RIT at the highest level are pivotal to keeping the university strong for future generations.

The collection includes correspondence, membership lists, programs, invitations, newsletters, meeting minutes, photographs, and various pieces of memorabilia. This collection contains photographs from multiple Nathaniel Rochester Society events spanning from 1992-2000. The events photographed range from student and scholar ceremonies to galas and other celebrations.
