One box of unprocessed miscellaneous records found in the Archives stacks. In surveying the collection, it appears to be records from the office of RIT President Paul Miller. Some records are dated prior to Miller's time as president, and it is believed that these were possibly transferred from President Ellingson to President Miller. Miller was president of RIT from 1969-1978.

Folder 1 & 2 are records about the beginning and ending of the football program.  
Folders 10-18 are records on the Urbanarium, Inc.  
Folders 17-29 are records of gifts from benefactors.
