January 10, 2013

The RIT Alumni Association Class Reunion collection contains a wide variety of records relating to alumni and the activities performed during class reunions throughout the years. A large portion of this collection consists of correspondence and invitations. Also included are Psimars from the classes of 1943 and 1944. These are books that contain newspaper clippings, articles and different publications that give information about the history happening during that year. Included as well are, "Facts About Me", booklets that give details about alumni's lives since they graduated from RIT.

Box 1
