

RIT Anniversary Collections

RITArc.0042

Created by: Rachel Varner

November 5, 2013

The RIT Anniversary Collections contains records relating to the 125th (1954), 150th (1979), and 175th (2004) anniversaries of the Institute which was established in 1829. The records have accumulated in the Archives over a number of years, and from several undetermined sources. As a collection, the records give details regarding finances of the celebrations, promotions, news clippings, planning documents, and memorabilia.

The 150th Anniversary Celebration also contains records specific to the RIT Coast-to-Coast run that took place in 1979 when students and alumni organized a run from the Pacific to Atlantic coast.
