

## RIT School of Applied Industrial Studies records

**RITArc.0389**

**Inventory by  
Emily Sinicropi**

**August 16, 2012**

The School of Applied Industrial Studies records contain curriculum information, financial records, correspondence, clippings and promotions. The bulk of the collection contains information about the Economic Development Administrative Grant. This includes the official grant proposal. There are also correspondence and meeting reports listing early private and public donors. Finally, the collection contains architectural plans, blue prints and bid proposals related to the decision to use 50 West Main St. as the school's headquarters.
