

RIT housing records

**Inventory by
Emily Sinicropi**

August 17, 2012

The RIT Housing collection contains memoranda, brochures, correspondence, reports and clippings all related to student housing at both the Downtown and Henrietta campuses. Most of the materials describe living conditions and rules for new and returning students. There is a folder that contains information about the Veterans Housing Projects which provided funding to RIT to build dormitories for students who were veterans returning home from WWII. Also included are records of housing workshops and committees that were formed to study housing issues and potential changes.

Box 1
